

I claim:

1. A sheet for writing or drawing thereon comprising a sheet of paper sized no greater than four inches by six inches, and having a plurality of lines printed on a surface thereof, said lines positioned and spaced to form a plurality of squares of equal size covering the surface of said sheet.
2. A sheet according to claim 1, wherein said sheet is sized approximately three inches by five inches.
3. A sheet according to claim 1, wherein said sheet is sized approximately four inches by four inches.
4. A sheet according to claim 1, wherein said sheet is sized approximately two inches by three and a half inches.
5. A sheet according to claim 1, wherein the squares are sized one-fourth inch by one-fourth inch.
6. A pad for writing or drawing thereon comprising;
 - (a) a plurality of bound rectangular sheets of paper sized no greater than four inches by six inches; and
 - (b) wherein each of said sheets has a plurality of lines printed on a surface thereof, said lines positioned and spaced to form a plurality of squares of equal size covering the surface of said sheets.

7. A pad according to claim 6, wherein said plurality of bound sheets of paper are sized approximately three inches by five inches.
8. A pad according to claim 6, wherein said plurality of bound sheets of paper are sized approximately four inches by four inches.
9. A pad according to claim 6, wherein said plurality of bound sheets of paper are sized approximately two inches by three and a half inches.
10. A pad according to claim 6, wherein the squares are sized one-fourth inch by one-fourth inch.
11. A sheet for writing or drawing thereon that can be separated into a plurality of smaller sheets each having a predetermined size comprising:
 - (a) a rectangular sheet of paper sized approximately eight and one-half by eleven inches and perforated to form first, second, third, fourth and fifth rectangular sections, and
 - (b) wherein said first section is sized approximately two by three and one-half inches, said second and third sections are each sized approximately three by five inches, and said fourth and fifth sections are each sized approximately four by six inches.
12. A sheet according to claim 11, wherein said first, second and third sections are positioned parallel to each other.

13. A sheet according to claim 12, wherein said fourth and fifth sections are positioned parallel to each other.
14. A sheet according to claim 11, wherein said sheet has a plurality of lines printed on a surface thereof, said lines positioned and spaced to form a plurality of squares of equal size covering the surface of said sheet.
15. A sheet according to claim 14, wherein said squares are sized one-fourth inch by one-fourth inch.
16. A pad for writing or drawing thereon comprising:
 - (a) a plurality of bound rectangular sheets of paper sized approximately eight and one-half by eleven inches and perforated to form first, second, third, fourth and fifth rectangular sections, and
 - (b) wherein said first section is sized approximately two by three and one-half inches, said second and third sections are each sized approximately three by five inches, and said fourth and fifth sections are each sized approximately four by six inches..
17. A sheet according to claim 16, wherein each of said sheets has a plurality of lines printed on a surface thereof, said lines positioned and spaced to form a plurality of squares of equal size covering a surface of each of said sheets.
18. A sheet according to claim 17, wherein said squares are sized one-fourth inch by one-fourth inch.
